

## Standing On The Top Of The Mountain With Thy Almighty One.

I was standing on the top of the mountain, by Your side.  
Looking around and far away in the distant, I saw...  
my fear, my doubt, my adversity, my grief's, my confusions  
my pains and my betrayers.

You hold me tight in your protecting arms and told me :  
Child, when you walk with me, you don't have to worry  
about non of those issues you see there in the distance.

When you hold me there on the top of the mountain...  
We where overwhelming by some Celestials lullaby music,  
played by some musicals Angels flying around the top of  
the mountain.

We start dancing and swinging on the top of the mountain.  
You hold me tight and whisper to my ears...  
Child stay by my side and you will find...  
Peace of mind, Healing, Unconditional Love, compassions  
Clear Directions, Forgiveness, Strength, Safety, Relief & Release.

While dancing and swinging there with the Lord, I say...  
Oh Almighty One, Iam so glad to be by your side...  
Because being in your Grace, Light and Guidance...  
Give rest to my soul and mind.

I am loving standing on the top of the mountain with  
Thy Almighty One by my side
